*Awakening Humanity to its Spiritual Magnificence
By Way of Sacred Community*

THEME FOR OCTOBER: RE-MEMBERING

Re-membering- whether we are remembering those who have gone on before us or remembering the truth of who we are, to re-member to is join again with the Oneness. There are some who say we never learn anything new- we just re-member with what we have temporarily forgotten - lifting the veil to see again what is. This month we will join together as a Spiritual Community and remember our loved ones at the Day of the Dead Ceremony. We also have the opportunity to join together and celebrate the enormous achievement of Reverend Gail's in becoming ordained and choosing to dedicate the rest of her life to serving humanity with these Spiritual principles we call Science of Mind. This is a precious gift to our world and I am so deeply grateful for her presence with us.
